ENERVIT S.P.A.  
VIALLE ACHILLE PAPA 30  
IT-20149 MILANO

28.01.2026.

Object: **DECLARATIONS OF SUITABILITY FOR FOOD USE**

Brenta d.o.o. with headquarters at Klenovec Humski 89/1, 49231, Hum na Sutli, Croatia, hereby declares that:

90821 ENERVIT bottle 0.5 l, red  
90827 ENERVIT bottle 0.7 l, red  
60750 ENERVIT bottle 1 l, red

manufactured by Brenta d.o.o and produced by our factory in Croatia, and supplied to **Enervit S.p.a.** are BPA free and made from food-grade materials suitable for contact with cold liquids (T=40°C, contact with all the food included in the food category specific of the named below food simulants, Annex III of EU Regulation 10/2011) and for long periods (24 hours) in conformity with EU Regulation 10/2011, Regulation (EC) No 1935/2004, Regulation (EC) No 2023/2006 as amended.

The materials used do not contain substances subject to restriction in the above regulations (Annex I and II of EU Regulation 10/2011) and the bottle respects the limits of overall and specific migration in repeated contact in the following test conditions (Annex III of EU Regulation 10/2011):

Simulant: B	time and temperature: 24 hours at 40 ° C
Simulant: D1	time and temperature: 24 hours at 40 ° C

Based on the results of global and specific migration analyzes, there are no substances which are subject to a restriction in food, obtained by experimental data about the level of their specific migration.

Substances also authorised as direct food additives ("Dual use additives") are either not used for the manufacturing of this product, or only present in quantities that in case of their migration don't allow relevant contribution to exceed of the limits as set in the applicable food legislation

These items manufactured are obtained from the following materials with the possible addition of dyes (any added dyes do not effect the organoleptic suitability tests in any way):

BODY: 100% PE (symbol 4): Polyethylene CAS # 9002-88-4

CAP : 100% PP (symbol 5): Polypropylene CAS # 9010-79-1

VALVE: rubber based on Polyethylene CAS # 9002-88-4: TPE-SEBS

The product is not a multi-layer article: therefore the declaration of conformity with the requirements of Article 13, paragraphs 2, 3 and 4 or Article 14, paragraphs 2 and 3 of EU Regulation 10/2011 is not necessary.

The specifications relating to the intended use of the product concerned comply with the requirements of Annex IV, point 8 of EU Regulation 10/2011:

8i) types of food products with which is intended to come into contact: aqueous food, alcoholic beverages up to an alcohol content of 20 %, acidic beverages and non-fatty food;

8ii) Duration and temperature of treatment and storage in contact with the food product: cold liquids (T = 40°C) and for a long time (24 hours);

8iii) the ratio between the contact surface of the food product and the volume used to determine the conformity of the material and the article: 6 dm<sup>2</sup>/L

Kind regards

Gabrijel Hustić
